## **Why have a Prom/Graduation party!**

### **The Model:**

Proms and graduation ceremonies have often been the occasion for widespread drinking by students, followed frequently by dangerous driving episodes. To keep the students safe, Beyond Your Imagination can work with local organizations, schools and parents to organize an alternative: an all-night party after the prom or graduation. The students will have fun, and they will be much less likely to drink and drive.

### **Objectives:**

1. Keep young people safe from midnight to 6 A.M. after prom and graduation.
2. To involve parents in a formal program to keep their children from drinking.
3. Impress young people with the fact that you can have fun without drinking.

### **Methods:**

1. Contact the PTA to find parents who will work on the project.
2. Find local businesses that will supply prizes for drawings at the party.
3. Arrange for volunteers to work the party.
4. Work with school officials and student leaders to gain their support.
5. Rent a location for the party: a school gym, a banquet room, etc.
6. Arrange for the local newspapers and radio stations to publicize the event.

### **Benefits:**

1. Save teens from the disasters that come from drinking and driving.
2. Reinforce the efforts of parents who are trying to keep their children alcohol-free.
3. Attract new volunteers from the ranks of parents and school officials.
4. Gain publicity from the media coverage of the event.
